### CITY OF OAK PARK OAKLAND COUNTY, MICHIGAN

At a Regular Meeting of the City Council of the City of Oak Park, Oakland County, Michigan, held in the Council Chambers located at 13600 Oak Park Boulevard, Oak Park, Michigan 48237 at 7:30 P.M. Eastern Daylight Time, on the 20<sup>th</sup> day of June, 2011

The meeting was called to order by: Mayor Gerald Naftaly

Present: Mayor Naftaly, Mayor Pro Tem Seligson, Council Member Duplessis, Council Member Jackson, Council Member Levine, City Manager Fox, City Clerk Bartholomew, City Attorney Carlson.

Absent: None.

The following resolution offered by Jackson and seconded by Duplessis.

**WHEREAS**, DTE Energy has begun the installation of new meters to customers in the City of Oak Park, replacing existing meters with so-called "smart meters", that is, electric meters which will broadcast information to the utility company using radio frequencies; and

**WHEREAS**, Smart meters provide a benefit to utilities by allowing remote meter reading, eliminating the need for someone to go onto each utility customer's property to read a meter; and

**WHEREAS**, A significant number of persons, including residents of the City of Oak Park, have expressed their concerns to this Council about potential health effects of the smart meters, as well as other concerns regarding their universal deployment in the City; and

**WHEREAS**, Although the Council is informed that it is without jurisdiction to directly regulate smart meters, exclusive jurisdiction over them residing with the Michigan Public Service Commission (“MPSC”), the Council believes it is appropriate to assist its citizens in obtaining consideration of their issues by requesting careful review thereof by the MPSC.

**NOW, THEREFORE, BE IT RESOLVED** that:

1. The Michigan Public Commission is hereby requested to perform a careful analysis of the potential health and safety effects which may result from the universal installation of smart meters for electric and gas utilities.
2. The MPSC is further requested to consider delaying the deployment of smart meters pending a conclusion by the MPSC, following careful study and review, that such meters are safe and will not have short-term or long-term negative consequences to the health of the citizens of Oak Park and the State of Michigan generally.
3. The MPSC is asked to carefully examine other concerns regarding the deployment of smart meters as may be submitted to them by residents of Oak Park and the State of Michigan, so as to insure that all aspects of the issues are considered before final determination is made with respect to such deployment.
4. The MPSC is further asked to consider requiring public utilities to allow customers with appropriate medical documentation of their individualized risks to opt out of smart meter installation at their homes.
5. All resolutions inconsistent with the foregoing resolution be and the same hereby are repealed to the extent of such inconsistency.
